

33.2.10 - Dairy Products / Milk

AOAC Official Method 945.46
Ash of Milk

Gravimetric Method
First Action 1945
Final Action

Into suitable Pt dish weigh ca 5 g prepared test portion, [925.21](#) (*see* 33.2.02), and evaporate to dryness on steam bath. Ignite in furnace at 550°C until ash is C-free. Cool in desiccator, weigh, and calculate % ash.
