
30.1.25 - Coffee and Tea

AOAC Official Method 920.100
Ash in Tea

First Action 1920
Final Action

A. Ash

See [900.02A](#) or **B** (*see* 44.1.05).

B. Soluble and Insoluble Ash

Proceed as in [900.02D](#) (*see* 44.1.05), using the ash obtained in **A**.

C. Alkalinity of Soluble Ash

Proceed as in [900.02E](#) (*see* 44.1.05), using the filtrate obtained in **B**.

D. Alkalinity of Insoluble Ash

(a) Proceed as in [900.02E](#) (*see* 44.1.05), using the filtrate obtained in **B**.

(b) Proceed as in [900.02F](#) (*see* 44.1.05), using insoluble ash obtained in **B**.

E. Ash Insoluble in Acid

Proceed as in [941.12C](#) (*see* 43.1.05), using total ash obtained in **A**, or insoluble residue obtained in **B**.

F. Soluble Phosphorus in Ash

Proceed as in [964.06B](#) (*see* 4.8.13) or [965.18C](#) (*see* 25.1.15), using solution of soluble ash obtained in **C**.

G. Insoluble Phosphorus in Ash

Proceed as in [964.06B](#) (*see* 4.8.13) or [965.18C](#) (*see* 25.1.15), using test solution obtained in **D**.
